Weekly Teen Volunteers have a variety of tasks they can choose from during their time at the library. Common tasks include shelving materials, neatening shelves, locating books in the YA space, and tending to displays. On occasion there will also be opportunities to help create displays or prepare for programs. All teen volunteers start with a brief training with Emily in the Teen Space.

There are a limited number of weekly positions available. Positions are assigned on a first come first serve basis with preference given to the teens who have been actively participating in library activities.
